**S**outh East Asia is among the most active and best organized regions in the Catholic Biblical Federation. Nonetheless, it still faces some challenges and difficulties. In most of the countries which comprise this region, Christians are a minority, frequently treated with suspicion or even hostility. Some of their communism-influenced governments restrict religious freedom. At the same time, South East Asia enriches the Federation by its significant experience in the area of interreligious dialogue. The Catholic Church in the Philippines with its well established and regular activities – Bible weeks, Bible Month, summer camps for the youth, and activities of numerous biblical centers run by lay people – plays a leading role in pastoral biblical ministry in the region. Its another significant aspect is a fruitful cooperation of CBF members with the United Bible Societies.

## PRAYER INTENTION

**For deepening of a fruitful interreligious dialogue and religious tolerance among the people in South -East Asia.**
